

2nd Annual Charity Event for Oldtimers in Auckland, October 10th, 2008

ITS THAT TIME AGAIN !!!

Well guys, the ice is booked, the Trophy polished up
the chosen charity is excited
and we're just about ready to go.

Wayne has done a terrific job on the artwork, Janet has been great in arranging the ice time and sorting the uniforms out, in fact it has been great having help this year.

For those of you who played last year we sold many more tickets than we had people turn up and in the end, managed to raise just over \$7500.00 for Multiple Sclerosis. The Tuesday night didn't help and so we have booked in for the Saturday this year. We hope this will encourage many more people to not only buy tickets and support us, but to actually come along.

Our chosen charity this year is Auckland Down Syndrome Association and again we hope to raise not only awareness for this organization but lots of money. Last year's charity was very close to my heart and this year it is very close to an ex team mate of mine, lets support this and get as many tickets as we can sold again.

I know everyone has been enjoying the monthly Old Timers skate and looking at the quality its going to be yet another great game.

This year's format changes a little as we have slightly less ice time, however we will still be having a raffle wit some great prizes and a synchronized skating display, so let's support those girls this year. The feedback we had on the two displays was great and I am sure many people will come just to see them.

I will send another letter out at the end of September with the final details, till then enjoy your skating and remember;

The Expats are the 2007 Origin Trophy Winners, can we hold on to it
