Comments:

Changes to the draw have been worked as practical as possible. Some League games don't have tournaments scheduled mainly due to trying to even out the tournaments across all rinks over the season ie Dn, Gore & Q/T beginning of the season & Naseby & Alex coming in later on eg June 28 M4 in Alex on Q/T league weekend. Any type of tournament or SIHL practise days can be added on.

The order of the games have tried to be as fair as possible so no teams have continuous back to back games and home teams have the first game. Rinks were to put in their start times but to date none have been received. Those clubs that entered open grade teams to organise their own teams – to be revised after the first tournament depending on numbers.
